of state government working to place physicians in rural
communities throughout Nebraska so I urge us to support
Senator Wesely's LB 439.

PRESIDENT: The Chair recognizes Senator Kahle.

SENATOR KAHLE: Mr. President, members, I also want to
rise to support this bill. In my own legislative district
we have had a terrible time with doctors shortages and
especially Superior, Nebraska,and also to a degree in
Franklin, Nebraska.   Those shortages have now been pretty
well filled and we have some happy people down there with
Mr. Wall and the group he has been working with so I
certainly hope that you will support this and we can
continue at least another period of time and perhaps get
this thing in proportion.   The way it has been lately
the doctors have all swarmed to the centers of medical
centers and have not served the rural communities and
I think we are making great strides to change that.
Thank you.

PRESIDENT: Is there further discussion on the bill? The
Chair recognizes Senator Wesely to close.   Waiving closing.
The question is on the advancement of the bill.   Those in
favor vote aye, opposed vote no. Have you all voted?
The question is on the advancement of LB 439.   The Clerk
will record.

CLERK: 26 ayes, 0 nays, Mr. President, on the motion to
advance the bill.

PRESIDENT: Motion carries.   The bill is advanced.
LB 414.

CLERK: Mr. President, LB 414 (read title.) The bill was
read on January 18th.   It was referred to the Public
Health and Welfare Committee.   The bill was advanced to
General File, Mr. President.   I do have committee amend-
ments pending by the Public Health and Welfare Committee.

PRESIDENT: The Chair recognizes Senator Fenger.

SENATOR FENGER: Thank you, Mr. President, and fellow members.
LB 414 was a bill submitted to the committee by the Depart-
ment of Health.   The committee amendments themselves merely
strike rather broad language which gave the Director of
Health permission to require tests for other metabolic
diseases when they have been perfected.   That broad lan-
guage has been stricken from the bill and I would move the
